

## LOCAL MISCELLANY.

### From Thursday's Daily.

R. W. Barr is in town from his ranch at Bull Springs.

The home guards meet to night for drill at the armory.

J. Sullenberger left last night for Tombstone on court business.

Don't forget the Fourth of July meeting tonight at the school house.

Sherman Krump, the well known Pearce butcher, is a visitor to our city.

Is Bisbee going to do anything in the way of having appropriate exercises on Decoration day?

The natives of our sister republic manage to keep the register at Hotel Graham pretty well filled up.

P. P. Piersol, Robt. Kagle and J. Solenberger were drawn from our city to serve as extra trial jurors.

Wm. Quinn, the well known cowboy, returned yesterday from Kansas where he has been for a couple of years.

R. G. Anderson came up from Sonora yesterday where he has been in the employ of the Turkey Track company.

Paul Noriega, a former resident of Tombstone, and who spent several years at typo trade, is a visitor to our city.

A slight shooting affair took place up town this morning, but no serious damage was done and the matter was hushed up.

Henry Forrest is in town from his mining claims in the Huachuca mountains. He reports the claims as looking first rate.

Louie Bodecker arrived on the train this morning and will assume charge of a part of the grading outfit on the new railroad in a few days.

The plans for the new story for the company store are about completed and the building will present a fine appearance when the work is finished.

Quite a number of our citizens who have sons and daughters at the university will go down next week to attend the commencement exercises.

The usual summer picnic in the Chiricahua mountains will be held about the middle of June. Several of our town people are talking of attending.

Mrs. J. Riggs from the Chiricahua mountains, is spending a few days in our city. She is accompanied by Mr. Alexander who is here on a visit from the east.

Miss Burr, the proprietress of the Bisbee ice-cream parlors, today received the handsome soda fountain that formerly adorned the candy store of Frank Yaple in Tombstone.

John S. Williams leaves tonight for Tucson where he will meet his folks on their way back from California. They will stop over one day in Tucson on a visit to Mr. Tonkin, a brother of Mrs. Williams.

Dr. Green has gone to Globe where he has assumed the position of resident physician for the Detroit Copper company. The doctor's many friends here regret to lose him from their midst but wish him the best of success in his new field.

The stereopticon outfit that was to have shown here last evening did not materialize. It is reported that a part of the machine broke in Tombstone and that the repairs would have to be received from the east before the exhibition could be given.

The school children are earnestly rustling selling tickets for the proposed excursion and picnic to the San Pedro river. They are selling tickets for the excursion for the round trip for fifty cents. It is a good opportunity to give your family an outing for a day, so help the youngsters out in their enterprise.

Miss Hattie Lusk, one of Cochise county's school mares, who has been teaching during the past year in the Riggs district, in the Chiricahua mountains, is a visitor to our city for a few days. She is on her way home to Miller's canyon, in the Huachuca. Miss Lusk will leave in a few weeks for an extended visit east.

The Copper Queen company have added over seventy-five volumes of new books to the already large list in the library. The company thus keeps its employees, as well as the citizens of our city generally, well supplied with all of the periodicals, newspapers and magazines. Tucson has been bragging about that town being the only one in the territory having a public library, but we will have to call them down, as Bisbee has had a free library for years, thanks to the management of the Copper Queen company.

**Gravel Flying.**

The first work on the proposed extension of the Naco road was commenced yesterday at mile post 47, near what is known as Deer Point, by some thirty or forty grading teams. The first four miles of the road will be pushed rapidly, this being the distance to the international line. Whether the work beyond will be started soon we are at present unable to state. The old rail that have been taken up from the road between here and Fairbank will be used on the new road. The railroad will cross the line at Naco, and already the ground adjacent thereto has been located for half a mile on both sides. Naco is bound to become a thriving city, as both custom houses will be moved there, and with the railroad will give considerable revenue to the place.

### From Friday's Daily.

Bisbee is to have a first-class gent's furnishing house.

Mrs. Joe Sowles is confined to her home with a severe illness.

Wm. Schronz will leave in a few days for a trip through the territory.

Mr. A. McLeod has gone to Canada on a short visit to his old home.

R. W. Barr left last evening for Tombstone where he goes on court business.

Dr. G. W. Cool left yesterday for Tombstone where he will remain for a few days.

Otto Von Kanel returned this afternoon from a short overland trip to Tombstone.

Tucson is happy in the belief that free mail delivery service will soon be established.

Territorial Treasurer Johnstone has received a deposit of \$15,000 from the buyer of the capital bonds, Mr. Chas. R. Mayer.

Hobs Pears, the well-known teamster, has returned from Sonora and has accepted a position with McPherson & Co. at Tombstone.

Mr. and Mrs. Al Richards returned the first part of the week from a visit to Pearce and vicinity. He reports that camp in a most flourishing condition.

Dr. George Goodfellow, the well-known physician and surgeon, has gone to Tampa, Fla., where his services have been accepted by the United States government.

Dr. L. C. Toney returned this morning from Tucson where he went in attendance to the Arizona Medical association. The doctor was elected treasurer of the territorial organization.

Word was received in Tombstone today conveying the sad intelligence of the death of Leon Conyers at Huachuca Siding, by the accidental discharge of his pistol. No further particulars were received. Conyers was a young man well and favorably known, and a prominent cattleman, owning the Mesal Springs ranch in the Whetstones. He leaves a wife and one child.—Prospector.

It will interest old residents to know that Russell White is serving his country as an ensign on board the Oregon. Russel is an Arizona boy and one of the earliest graduates of the Normal. He is an exceedingly bright young man and completed his course in that institution before he laid aside his knee pants. He went from here to St. Louis and then entered the naval school at Annapolis, from which he graduated with honors in due time.—Phoenix Herald.

Mildred Allred, a well-known citizen of Bisbee, died at his home in Tombstone canyon after an illness of only four days' duration. He had been suffering from rheumatism for several days, which finally went to his heart, thereby causing his death. He seemed quite well when he retired last night, but this morning his soul had passed to the great beyond. He had for several years held the position of fireman at the Copper Queen smelter, and being of a kind and gentle disposition, was quite popular among his fellow employees. The deceased leaves a widow and five small children to mourn his loss. His life was insured in the Union Mutual Life Insurance company of Portland, Maine, he having recently taken out the policy and made but one payment on the same. The funeral will take place at 1 o'clock p. m. tomorrow from the residence.

**The Meeting.**

In response to the call published in THE OAS for a mass meeting of the citizens at the school house for the purpose of deciding whether or not we should have a celebration on the Fourth of July, quite a number were in attendance. The meeting was called to order by Chairman Sweet of the last committee, who stated the object of the meeting. By a unanimous vote it was agreed that our national holiday should be fittingly observed. In accordance with the plan of last year a chairman was elected who will choose his executive committee of ten. V. R. Stiles was elected to fill this position. Allie Sowles was elected chairman of the collecting committee. B. J. O'Reilly was appointed secretary of the executive committee, while Lewis Williams was unanimously elected to fill the position of treasurer, which he has so faithfully filled on similar occasions for three years past.

It was the sentiment of the meeting last night that the celebration this year be held entirely in town this year, and the sports that have heretofore been held below town be dispensed with on account of the trouble on last Fourth. The executive committee will be chosen this week and will begin at once the work of arranging the celebration.

L. F. Farley conducts a large mercantile business at Liberty Hill, Ga. He says: "One application of Chamberlain's Pain Balm relieved me of a severe pain in my back. I think it O. K." For lame back, rheumatism, neuralgia, swellings, sprains, bruises, burns and scalds no other liniment can approach Chamberlain's Pain Balm. It is intended especially for these diseases and is famous for its cures. For sale by J. S. Williams & Co., druggists.

**Wall Paper.**

From 3 cents a roll up. Artistic designs at Barnaby's.

August Joerss.

Mrs. Fetterman and daughter returned this morning from California, where they have been for several weeks past.

The grading force on the new railroad is being increased, and the grade to the international line will be completed in short order.

Dr. Cool was called to Tombstone very unexpectedly yesterday on account of the serious illness of his son with scarlet fever.

For many months the building of houses in this city has been going on rapidly and the town has spread out wonderfully.

Even the roosters in this part of the country are getting patriotic. Every morning they can be heard crowing, "Dewey, Dewey, Dewey."

Jas. Lowrey, the well known Huachuca cattleman, is paying our city a short visit. He has sold quite a number of his cattle to eastern buyers.

A letter received a few days since from President Martin of the South Bisbee company states that he will not arrive here until about the first of May.

Ex-Governor Benjamin Franklin died in Phoenix Thursday afternoon of heart failure. He was governor of the territory for a little over a year, being succeeded by McCord.

Two Mexicans who broke into the clothing store on Brewery avenue on Friday night were arrested yesterday by Officer Graham, and the stolen goods found in their possession.

C. A. Overlock's new adobe house in upper Tombstone canyon is receiving cement inside and out, and when completed will be one of the substantial residence buildings of our city.

About 7,000 head of Sonora cattle, said to be infested with Texas fever ticks, are being held on the other side of the line south of here, and have been detained there by order of the general government.

The sale has been made of \$100,000 worth of Arizona capital bonds at par and one-half of 1 per cent. commission. The building is ultimately to cost \$300,000, and all material in its construction is to be products of the territory.

Wm. Heyn was in town yesterday from his ranch at the Sonora line. Mr. Heyn has taken up a homestead there and will be strictly in it, as the railroad will pass near his ranch and will increase the value thereof considerably.

Attention is called to the advertisement of Overlock Bros., to found in another column. These gentlemen are well known to the people of Bisbee, and when they say they will furnish on the block the best meats that can be had in the market, their customers know they will do it. By fair dealing and strict attention to business they have outlived many competitors, and now a business second to none in town. They now

have a cold storage room in which their meats kept, which preserves it and makes it more desirable than it otherwise could be. When you want good, juicy, well-preserved, coldstorage meats go to the Union Market.

B. P. Graham & Co. have just received two carloads of furniture; refrigerators, bed lounges, couches, baby buggies, go carts, bedroom sets and dressers, chairs, cots, wardrobes and cupboards. Prices right; Terms easy. \*

There is a constant demand from abroad for information about the growing city of Bisbee, whose fame as a copper camp and cattle-shipping point has extended to the uttermost parts of the earth. THE OAS office receives letters every day from persons who are anxious to locate here and apply to us for information.

A young man and his best girl went into the ice cream parlor the other evening and when the waiter came and asked of the couple what flavor of cream they would have, the young lady replied—manila. After the waiter had left, the young man remarked to the young lady: "I see you have been reading the papers about the battle with the Philistines."

### A Delegate's Thanks.

BISBEE, ARIZ., May 19, 1898.

Editor of THE OAS:

Please express my heartfelt thanks to the Tucson citizens for their hospitality, generosity and courtesy shown the visiting members of the Arizona Medical society. Their beautiful homes adorned by lovely women and children, carpeted, velvet and verdant lawns so pleasing to the eye, their polite hotel keepers, their brilliant and affable lawyers, all cause a scintillation and sparkling in our cerebral convolutions as acutely as their champagne did in our gullets and stomachs at the elegant banquet, though no less pleasing than the satisfactory signs and symptoms of duty well done shown by the doctors of Tucson. Wined, dined and banqueted shown the splendid University so nicely kept and so ably managed and largely attended by students, greeted on all sides by cheerful smiles, handsome and sweet bouquets of flowers and good wishes by all as individuals and as a scientific body of workers, with a deep sense of realization of the appreciation of our Tucson brethren, with a favorable prognosis for a repetition of such a delicious feast of good will, profit and joy, who is it who would not feel grateful? God bless Tucson's doctors, lawyers, druggists and citizens.

L. C. TONEY, M. D., Bisbee Delegate.
